To Whom It May Concern:

I am writing on behalf of cTs (Contract Training Services). Econo-Haul is a residential trash service company and has many trucks on the road all day working on all types of streets, and in all types of conditions. Our employee's safety is of the utmost important to us. About 3 years ago I started talking to Danny Bowman of cTs about safety meeting. Mr. Bowman has come to my shop many times at a time that fits our company schedule and has created safety meeting to fit my concerns. Since cTs has been holding safety meeting's here Econo-Hauls workman's Comp. claims and Auto claims have dropped off dramatically. Our crews see that their safety matters to us, and actually can see how a clean safety records can and does add money to their pockets.

Mr. Bowman is friendly and professional trainer, when you use his services I am sure that you will see a decrease in claims and happier employees knowing that their company cares.

Sincerely

Joe Maier
Sec/Treas.
